

Email: Kestrel plan amendment

From: Account Manager, Midwest Region | To: Benefits Configuration Team | Date: November 3, 2025

Hi all, Kestrel's benefits committee approved Amendment 3. Bariatric surgery becomes covered from 1/1/2026 (they're dropping the exclusion). Can you load the benefit change in the claims system before January? Signed amendment is attached and saved in the Kestrel client folder. Thanks!
