

Sorrel Hospitality Group Employee Health Benefit Plan

Summary Plan Description (SPD) and Plan Document | Plan year 2026 | Document ID SPD-SORREL

1. Introduction

Sorrel Hospitality Group (the 'Plan Sponsor') sponsors this self-funded group health plan for about 7,600 employees and 13,900 covered lives. The Plan is governed by the Employee Retirement Income Security Act of 1974 (ERISA). Because the Plan is self-funded, benefits are paid from the Plan Sponsor's assets, not by an insurance company, and state insurance laws generally do not apply to the Plan. Bellcourt Health Administrators, Inc. is the third-party administrator (TPA) and performs claims administration and utilization management, including prior authorization, on the Plan Sponsor's behalf. Bellcourt does not insure the Plan.

2. Eligibility

Full-time employees working 30 or more hours per week are eligible on the first of the month after 30 days of employment. Spouses and dependent children to age 26 may be enrolled. Coverage ends on the last day of the month in which employment ends.

3. Network
